

VICTOR MANCINI

Industrial Designer

159 Olivier Morel, Carignan, QC // +1 514 914 1910 // vm@victor-mancini.com // www.victor-mancini.com // 07/14/1993

Experience

08/2016 - Present

Signature Design Communication

Industrial Designer // Montréal, QC

- + Researched and analysed competitor products
- + Proposed strategic solutions to stand-out in the market place
- + Made journey maps on how a person will interact with the product, what are their needs and how can we design to solve them
- + Used a multitude of mediums to explore concepts from sketching to paper models

06/2015 - 08/2015

Signature Design Communication

Industrial Designer // Seasonal // Montréal, QC

- + Worked on various projects from gym equipment to smart consumer electronics
- + Created physical prototypes to communicate ideas with the team
- + Collaborated on way finding projects for airports and aquarium

09/2014 - 04/2015

Swave Studios

Junior Industrial Designer // Internship // Toronto, ON

- + Projects varied from wearables to high performance race bicycles
- + Modeled products in SolidWorks
- + Produced basic animations for client pitches

07/2014 - 12/2014

3D Phactory

Junior Designer // Internship // Toronto, ON

- + Met with clients to discuss their expectations for the project
- + Resolved problems through design thinking
- + Used SolidWorks to develop clients projects

Education

2013 - 2016

OCAD University

Bachelors of Industrial Design // Toronto, ON

OCAD University taught me to explore my ideas early on in the design process and encouraged me to pursue personal projects. OCAD University also taught me to be a self-learner, which has helped me overcome challenges and grow as a person.

2014

HackerYou

Web Design Course // Toronto, ON

HackerYou taught me the essentials to Front End Web Design. Here is where I learn to code in HTML and CSS along with understand the principles of web development. I took this night course during my time in university and applied my newly acquired user interaction knowledge in my projects immediately.

2010 - 2013

Dawson College

Diplome D'étude Collégiale in Industrial Design // Montréal, QC

Dawson College taught me the fundamentals to Industrial Design, from sketching to manufacturing techniques. Dawson also taught me to be organized, to work under pressure and to always have presentations ready on time.

Awards

2016

Kentwood IDS Design Challenge

Second Place

2015

Lexus Canada

Top Three Finalist

2013

Dawson College

Honour Roll Graduate
